

District Council report to Full Council on 8 September 2026

Introduction

Not much has changed. Meetings start this Monday with joint scrutiny.

Local Government Reorganisation

See county report for more details. Update from district scheduled for joint scrutiny on Monday.

Land Charges

Moving to a new system has caused lots of problems and affected people moving house. I am assured that this is now fixed. See the website for further details.

This will be considered by joint scrutiny committee on Monday. Important question is will similar problems arise when we move to a unitary authority

Ron Batstone

District Councillor
Grove North Ward
